

Stack cut wings in a multiple of 2 (2, 4 or 6) from 1/8" stock. Cut out each wings using #1 to #5 blade. Sand edge of wings to 20 degrees using a belt sander; half the wings pointing one way, the other half pointing the opposite..

Cut out body from 1/4" wood. Glue wings on each side of the body at thorax bulge. Glue 1/2" rare-earth magnet on bottom of body.
